COACH

April 1982

In Business 26 Years

April 2008

April of 1982 saw the doors open to NLP Learning Systems Corporation and the NLP Center was born. Starting with one Level One class and one corporate business training, who knew? And twenty-six years later NLP Learning Systems is still going strong!

This Center has trained thousands of highly successful people: millionaires, multi-millionaires, politicians, military personnel, athletes, brilliant geniuses disguised as disabled of body and mind, business people, religious leaders, teachers, students, children and babies. Many have changed dramatically following their training at this center, and others are plodding along in their step by step strategies evolving at the rate that's right for them. All change.

Politicians have gotten their training here before going on to achieve a win in their respective political arenas, and bringing laws into existence that help the city, state and nation.

Military personnel have trained here and taken NLP into the armed forces and the fighting front. NLP is a nice tool to have when faced with "negotiations", wouldn't

you agree?

Athletes have progressed from high school to college and into the professional leagues (major and minor) using the training they received here.

Kids, young and old, (diagnosed with dyslexia, autism, personality disorders, depression, hyperactivity, eating disorders to name a few of the strategies they came in with) learned how to find the gift in themselves and begin using their own genius qualities.

The physical challenges that have changed while students were going thru classes are too numerous to list here. Heart attacks prevented, appendix rupturing after they arrived at the hospital, getting pregnant, changing size and shape, normalizing blood pressure, colds and flus disappearing during class, and these are the believable ones!

V. Jan Marszalek, with her team, has sprouted over 200 centers world wide, over 15 in Texas alone, and students from

all over the world (Turkey, South Africa, Zimbabwe, Afghanistan, Iraq, Norway, all sorts of strange places!) received their training here in Dallas. We are really international.

The teachers and trainers that have come thru this center are extraordinary. Some of the trainers have passed thru, some have come and gone, and some have stayed, and stayed....

Jeff Sullivan is back. We lost him while his son was growing up.

Tony Neal recently received an opportunity so grand it would've been foolish to pass it up. He started his new job March 31. He'll con-

tinue to be one of the major trainers here at NLP.

Jason Dixon is teaching NLP in Austin.

Greg "Magick" Bernstein evolved from an attorney, the owner of a BIG advertising firm to a puka shell tour guide, retired in Hawaii. He now is doing our Huna trips.

Jim & Peggy Walker in April are taking Quinn to Estes Park, CO to his first show: the 6-9 month old

puppy class of the National Leonberger Specialty Show.

Rhonda & Sanford Guberman are working "not much special going on right now."

Dr Cheryl Oden has been enjoying being a Grandmother. This year brings this new found light and love into her healing practice and the classes she teaches.

Mark Youngblood has been doing a splendid job continuing to teach the ASEP class that he & Jan created.

Don Hearn's Mortgage Company has been in & out of Mexico. Oy Chalupa!

Father Casey has been very involved in his wood flooring store and prison ministry.

Hmmm...even John Marszalek. He's been recruiting, improving the quality of people's lives, affecting positive change in their careers.

Gosh! There's more, we ran out of room!

Dr Karl Parker is conducting 6-8 seminars/year with about 1,000 attendees in January at the Las Vegas seminar. His family is doing wonderfully, all his sons are chiropractors and his "6 grand kids are growing up too fast!" Look for him in the movie, "Pass It On"! It teaches how to put "The Secret" into your life. He's finished his book and it should be printed this year. *"I remain, as always, very grateful to NLP Learning Systems and Jan for the life-changing training and ongoing support of my mission."*

NLP Advanced Practitioner Certification Training

The single most significant ingredient in success is DESIRE. Nothing is more important. Remember Socrates? He was recognized as a great scholar even by his contemporaries. One occasion a student came to him and asked, "How do I find learning?" Socrates took him to a beach. The two waded out chest high in the water where Socrates grabbed the young man and held his head under the water. The young man thrashed. He kicked. He flayed the water—and finally passed out. Socrates dragged him to the beach and left him there. When the young man recovered, he promptly sought his master screaming, "What did you do to me? I wanted to know how to find wisdom and you nearly drowned me."

Socrates replied, "When you

seek learning as much as you sought air when I was holding you under the water, you will have to ask no man." When you want success with everything you have, you can only succeed. Success is an accumulation of many steps. With desire you can accomplish what others think are miracles—only because they are unwilling to commit to the next step. Join us for the next **ADVANCED PRACTITIONER CERTIFICATION TRAINING (APCT)**, which for many of you is your next step. Imagine yourself in the next APCT, achieving all your desires. Intentions For APCT Yields The Love Of My Life

(NLP 6 month Practitioner Program)

I would like you to know how NLP has helped me to accomplish things... I did not think were really possible in such a short time.

When I registered for the APCT in April 2006, I wrote on the registration form what I intended to get out of the class... find the love of my life, have new furniture and pay off all my debts. At the 3rd session, I wrote a note to the staff explaining that I had not received any of my intentions yet and fully expected to get

them. By the 4th session...I had found the love of my life. Six months later we were married. Suddenly I had new furniture! He refused to have debt so he paid all mine off. This was truly miraculous.

We are very happy and are building a fun and happy life together. We plan to continue our education at NLP to kickstart all of our business and personal goals.

Over the years I have developed quite a large bag of useful tools. My favorite is the golden lasso taught on the Huna trip.

My husband and I went to Sam's for our bimonthly shopping trip. About 5 minutes into our journey I felt a small jolt in my system and looked down to see that my 8 carat diamond had fallen out of it's setting.

Panic stricken, I asked my husband to stay right where he was, as I back tracked, thinking of all the possible things this could represent. However, once I got a grip on myself I stood completely still and shot out my golden Lasso.

When I drew it back I KNEW my diamond was on the other end, at that moment my husband rounded the corner holding it in his hand.

For those of you who would like to learn this amazing magical ability, I suggest you talk to any of the trainers. The first time we used it (to pull a lost girl off a very large mountain in Hawaii) I was amazed. Fifteen years later, I still am.

~K. Christopher

Huna Trip

Report from March Huna trip-

A pleasantly shocking, electrical, magical journey to be sure. Kahuna Ed Kaiwi joined us for three days. Whew! And the volcano (Pele) actually blew the day we went out to watch her. Timing superb, sublime, delightful, laughter, learning. Well, you get the idea.....

Next Huna trip (we're pretty sure Kapuna Jan will be with us) is on **Kaua'i from June 28- July 5, 2008**. Please come join us in learning how to really be happy, productive, wealthy if you need to or whatever. *De aloha is awesome brudda!*
