COACH

Advanced Subtle Energy Practitioner: **The course continues!**

We climbed and moved so many mountains. Therefore, we are moving weekend two from July to August 3-5 and moving weekend three from August to September 7-9. Each weekend is a stand alone piece. You may take 1, 2, or all three.

"I recently attended the first weekend of the Subtle Energy class. I had 4 goals for the class and achieved 2 of these during the class. My key understanding was that ritual is "going through the motions", while ceremony is "consciously defining my intent and doing actions within a sacred space".

-Tom Nelson

"Burning hot, freezing cold, burning hot, freezing cold, burning hot, freezing cold. Clearing, clearing, clearing. Exultant"

-Joan Reynolds

"I was allowed to be a surrogate for a baby 5 months in utero. I cried with joy."

-Robin Esteph

"This turned out to be a shamanic journey initiation. Feel free to join us. It's a wonderfully exhilarating journey"

-Helene Cannon

Most of us know that we are divine beings with radiant bodies of light. Yet we know a thousand times more about our

physical bodies and how to use them, care for them and develop them than we do our subtle energy bodies. Clearing and perfecting our energy bodies and learning how to use their abilities is a stepping-stone on the pathway to spiritual enlightenment. The Advanced Subtle Energy Practitioner™ (ASEP) Program will show you how!

Jan will be teaching this program and co-training with Silver Ra Baker. Silver is a world famous visionary artist and shaman.

Silver has so many credentials. He's a Kundalini meditation instructor, re-birther, life coach and Shodan in Aikido. He's a Sun Dancer and Chief instructor of the Rudra Center for enlightened awareness in Denton, TX. Silver is fifth gateway apprentice to the Sweet Medicine Sundance Path of Turtle Island. He's also Dance Chief of the Blue Thunder Lodge.

It is truly an honor, a privilege and a blessing to have Silver Ra join our ASEP Instructor Training Team. It shall be quite a gift for those in attendance. Shall you do yourself a favor and take the class? I think so.

What's New!

On a recent trip to Texas, I visited the Snake Farm which is south of New Braunfels, TX on I-35. Although I much prefer dogs compared to snakes, I really enjoyed my visit. There were many different types and colors of snakes, large and small, to view. Yes, all the snakes were in cages. A pleasant surprise was that the Snake Farm also has many other animals including mammals, reptiles and birds. Also included is a petting area with farm animals.

Jan's son, Dr. Eric Trager, recently purchased the Snake Farm (<http://www.snakefarmtexas.com/>) and is upgrading the facility. The staff is very friendly and gift items are available. I suggest that you stop in and enjoy, even if you like dogs more than snakes.

Tom Nelson

P.S. The Snake farm will be on the TV show "Dirty Jobs" on the Discovery Channel Tuesday, July 7th at 9PM ET/PT

Due to increasing request, NLP Learning Systems Corporation will be selling Rapid Hydra-Cell™ water by the case. A case contains 24 bottles (16.9 oz per bottle). It can be purchased for \$60.00 per case. Please call the office to let us know how many cases you want.

Fountain of Youth

So who wouldn't be interested in an article that's titled: "All Natural Ways to Stay Younger". This article boasted to have the keys to the fountain of youth and natural age erasers that boost power, stop stress and smooth skin. It states that recent studies show that stress causes physical changes in the body that can accelerate aging. No surprise there. Before reading it I began guessing what the answers were. I thought that drinking some new drink or eating some new herb would be among the top ways to stay younger. To my surprise, the article goes on to say that the most effective way to halt the destructive chain of events found in today's modern lifestyle is through meditation. So whether your looking for the fountain of youth, or simply want to feel better, come join our meditation class.

This 8 week class is designed to teach you, or refresh your memory of the basics of:

- ◆ Peace of Mind
- ◆ Deep Breathing
- ◆ Mental Focus
- ◆ Working with the Unconscious Mind
- ◆ Stillness
- ◆ Total Body Relaxation
- ◆ Energy Reframes
- ◆ Visualization

Especially if you already meditate, this is a great way to learn new techniques. As part of this class, we devote time to the Energy Reframes (as taught in the Advanced Practitioner Program) in depth, as well as balancing all of the energies in class. Use this class to do your yearly energy "tune-up".

Article mentioned above was published in *FITNESS* magazine, April 2007.

A Proven Success: NLP Level ONE

Dear Jan:

As you know, I work with the owners of small to medium-size businesses to help them figure out what they want their future to be. Together we then build a road map that will get them from where they are to where they say they want to be. Well, I'm writing this letter to tell you of a wonderful experience I just had with a new client. On Sunday I finished the NLP Level One weekend course. Two days later I had my first meeting with a new client; it was the finest first meeting I've had with any client in the nearly four years that I have been offering Strategic Coaching Service. Trust and rapport were almost instantly established and we got to his core issues quickly and effortlessly. I attribute this new level of performance entirely to the skills learned in Level One!

Thank you,

Steve S.

Did you know that General Motors, IBM, Century 21 Real Estate, AT&T, EDS, VMX, A.B.Dick, Southwestern Bell and Mobil Oil are just some of the companies that have sponsored Neuro-Linguistic Programming (NLP) training? Can you or your company afford to be left behind? Come take the next NLP Level One class for yourself to see what so many already know is an extremely useful set of tools.

Technologies utilized in this program have been developed and tested over the last thirty five years. The Science in Neuro-Linguistic Programming has been described in Science Digest as "the most important synthesis of knowledge about human communication to emerge in the last quarter century." In sales specifically and in business in general, success is often determined

by one's ability to communicate effectively.

The aim of NLP is to make successful thinking and communication a conscious choice, rather than an unconscious accident. The seminar consists of lecture, demonstrations, exercises and material to facilitate the development of NLP skills in your everyday life experiences. It is easy and powerful and you will notice the results immediately.

Here the learning is about how we can use our behavior and our language to influence ourselves, as well as others, and about the personal change and improvement that comes from having these skills.

**Are You Ready...
For YOU?**

.....
I was referred to NLP through Dr. Karen Asbury. I asked her advice on any alternatives she knew of and that's when she suggested I go to the 12 Hour Belief Change Workshop. She told me to do anything I could to get there, that I'd be able to release a lot of the crap I'd been holding on to and allowing to control my present state of mind. That's all I needed to hear.
After attending the 12 Hour I felt a sense of hope that I hadn't felt in years. My difficulties from my past no longer mattered. I gave them recognition for what they were and then buried them. For the first time in over 10 years, I have hope. I've had a few rocky days here and there, but overall I haven't gone back to the desperate state of sadness and pain I constantly lived in since the end of the weekend of the workshop. I have hope for the first time in my life that I can handle what comes at me and still be okay.

Our thoughts....like bubbles in the glass

A widely viewed topic "The Secret" speaks about the power of our thoughts. Our negative thoughts are as creative as our positive thoughts, but how do you stop thinking negatively?? Our thoughts can be elusive. Where do they come from? Why do I keep having the same thought over and over? "He owes me money!" or "I can't trust her!" Re-occurring thoughts are not so very different from the bubbles in a glass of carbonated water. From where does the bubble form? The bubble seems to form at some small imperfection on the side of the glass, and then it rises to the surface and is released. Our thoughts can be just like the bubble in the glass. They come from the deep structure of the mind and rise to the surface of our awareness. Ever notice a re-occurring thought. There it is again! There it is again! The NLP technique of Anchoring works at the deep structure where thoughts form to eliminate or alter the memory pattern in such a way that our negative thoughts can be eliminated. This brings to us more of what we think about, our positive thoughts.
